## *Enagic: An Opportunity to Shine*

*Giving Thanks and Being Thankful*

A scenic view of a traditional East Asian temple complex. In the foreground, a large, dark tree with dense green and yellowing leaves frames the top and left sides of the image. Below the tree, a calm pond reflects the sky and the buildings. In the middle ground, a large, multi-tiered temple building with a dark, curved roof and red wooden pillars stands prominently. The background shows more trees and a soft, hazy sky. The overall atmosphere is peaceful and serene.

*“Through gratitude for  
the small things, we shine  
light upon the big things.”*

# *Message from* *Mr. Ohshiro*

## **The Spirit of Thanks**

When I was growing up in war-torn Okinawa, I was taught by my mother to appreciate even the smallest of things. Through gratitude for the small things, we shine light upon the big things.

When I bring my attention to the present, and consider the hundreds of thousands of people worldwide who have helped spread the True Health mission of Enagic, I'm full of that same gratitude. Each one is appreciated as someone who saw the depth of our real mission to free people from the chains that bind them and liberate them into lasting joy and happiness. And we're free to do this each in our own manner, each using our unique and distinct qualities and characteristics.

In the West, during the month of November, they celebrate Thanksgiving. It's truly a time to break bread together with loved ones and glorify the gratitude of solemn relationships. We should all live in thanksgiving for the blessings we've received. This is the spirit of Enagic; embracing the magnificence of gratitude, so that we might shine the brilliance of that light upon others.

I'm appreciative of YOU. As the year comes to a powerful close and we prepare for an amazing 2018, I hope you can reflect on the people's lives you have touched and stand in gratitude for the blessings you've received from others.

**With Great Kindness,**

**Hironari Ohshiro**

ACHIEVEMENT & MATCHING BONUS CAMPAIGN

## Special Distributor Profile

*On the “Speedy” Road to A Million...\**

If you look at all the different businesses in the world, few companies will ever achieve one of the biggest milestones in the sales industry: making one million product sales. But that is exactly what Enagic is on track to do! That’s right; Enagic is rapidly closing in on a total of one million\* products sold. And the excitement and productivity of the recent Enagic Sales Campaign, the “2A Speedy Achievement Bonus Campaign”, has helped bring us closer to this incredible achievement even faster!

*\*as of Oct 31*

Building towards this momentous accomplishment has taken many years and the efforts of distributors from all over the world, but it is within reach and expected to happen very soon. Enagic would like to recognize and thank a few of the movers, the shakers and the difference makers who have been working hard to help us realize this tremendous achievement.

*Andhyka Sedyawan, 6A5-4*

*Indonesia*

Andhyka Sedyawan is one of the top Enagic Distributors in Indonesia and his collective team, Kangen Amazing Team (KAT), is one of the most productive teams in the world. During the recent 2A Speedy Achievement Bonus Campaign, Andhyka was instrumental in helping his team maximize the campaign. Not only did he personally go to the Indonesia Office nearly everyday during the month of September to offer his assistance, but he also coordinated his team to help new distributors to correctly fill out paperwork, helped Enagic staff as they processed orders and helped organize the hundreds of people who were coming to the office each day to purchase their own machine.

“We created a KAT Task Force, which was made up of Kangen Amazing Team distributors who are 6A’s and above. Everyday our Task Force came to the office to help with the crowds, answer questions and basically do whatever we could to help. I am very proud of all of our team members and I greatly appreciate all the hard work of the office staff.” Andhyka went on to say, “We do our best to create a productive and beneficial working relationship with everyone involved in the process.

From the distributor making the sale, to the staff member processing the sale, to the person making the purchase, they are all part of the process of teamwork and the Enagic "office" is so much more to us. It's not an office, it's home. And, just like anyone, we protect and care for our home!"

Andhyka is committed to working hard for the remainder of 2017 and expects to achieve the rank of 6A5-5 in early 2018. Enagic looks forward to the continued success of Andhyka and his entire team and greatly appreciate his dedication, his leadership and all of his hard work!

# 2A SPEEDY Special Distributor Profile

Leung "Jun" Yuet Ngor, 6A4-5

Malaysia

Jun and her team from Malaysia, and other parts of the world, have been very important to the quest for a million\* units sold! Jun and her husband, John Lim Sim, are both high ranking Enagic distributors and they both have been working very hard to develop their global team. This power couple has used their experience and teamwork to create one of the strongest teams in Malaysia. They were able to maximize the recent 2A Speedy Achievement Bonus Campaign, which helped their team make product sales and added many new distributors to their team.

*\*as of Oct 31*

"We are all very fortunate to be part of Enagic and to know about Kangen Water. The company has done such a good job of making an amazing product for us to offer and has been tireless in supporting the efforts of our entire team. Mr. Ohshiro has been so generous with the Enagic distributors, that we feel a special connection and loyalty to him and to Enagic. This has become so much more than a business opportunity...we have become a family, on an incredible mission to share True Health with the world."

Jun and her husband plan to continue working hard in order to end 2017 strong and want to travel the world to develop new teams and to help train distributors.

# 2A SPEEDY Special Distributor Profile

Winnie Lo, 6A2-4

Hong Kong

Winnie is one of the top distributors from Hong Kong and has helped shape the Hong Kong marketplace. In fact, Winnie was the very first Enagic distributor in Hong Kong! She has been one of the most active distributors in this fast paced metropolis since the Enagic Hong Kong office opened in 2005. She and her team made sure to maximize the recent 2A Speedy Achievement Bonus Campaign and have added many new sales and distributors during this promotional campaign.

"I am so proud of all my team members and so thankful to the Enagic staff, both in Hong Kong and other parts of the world. The generosity of this company seems to have no bounds! We are rewarded so handsomely by Enagic and every time I think it can't get any better, they announce something that takes the whole business to another level!"

Over the past twelve years the sales in the Hong Kong market have steadily increased, thanks to Winnie and her team's significant contributions. When asked her plans for the rest of 2017 and 2018 Winnie said, "There is still plenty of time left in 2017, so I am going to continue to work hard and make the most of the remainder of the year to create a solid foundation on which to build in 2018. I am determined to help my team succeed and grow and will help them in any way I am able. Together we can meet any goal and achieve success!"

# 2A SPEEDY Special Distributor Profile

Pat Chegne, 6A2-3

Malaysia

Pat is a very successful distributor from Malaysia, who, like many of the Malaysian distributors, worked hard to make the most out of the recent 2A Speedy Achievement Bonus Campaign. "We gathered all key leaders to brainstorm, strategize and understand exactly how to make the most of the Speedy 2A campaign. Once we understood the way the campaign worked, we made a game plan and then it was just a matter of execution. We are able to move fast because we all stayed focused, we have faith in Enagic, we believe and trusted our system and, most importantly, we worked as a team."

Pat and her team are very proud to be associated with Enagic. They have the opportunity to share, to promote and to help realize Mr. Ohshiro's vision of sharing True Health throughout the world. "The promotional campaign was perfectly timed and helped encourage and motivate so many people. It's amazing to think that in just one month the Malaysian market added over eight thousand machines to Enagic's grand total of nearly a million\* units sold! The success of the campaign has created so much momentum that I expect to take us all the way to the end of the year. My goal is to help my team to continue to succeed and to reach the rank of 6A3-4 in 2018."

\*as of Oct 31

Pat is an important part of the Malaysian leadership and has worked very closely with the staff of the Enagic Malaysia office.

"The Enagic staff has always been very cordial and helpful. I have the utmost respect and appreciation for all of them! In fact, I must salute the staff and the office manager, Jeffrey Takei, for their patience, commitment and professionalism in working hand in hand with independent distributors during the Speedy 2A campaign. I am also proud of our team members who voluntarily helped out with checking for accuracy of the application forms, assisting distributors with the payment process, clearing backlogs; basically ensuring every distributor had the opportunity to take advantage of the Speedy 2A campaign."

## Los Angeles

Enagic in October...

**So Good...It's SCARY!!**

Okay, so maybe it isn't scary, but some of the Enagic USA Los Angeles staff sure were!! In the spirit of Halloween the Enagic USA Los Angeles sales department staff pulled out the costumes and put on the make-up to help distributors enjoy this festive time of year. Distributors were excited to have their orders processed by a vampire, a flapper girl, a crazy cat lady, a gypsy, a princess and many more creative creatures as the Los Angeles office was transformed, not into a House of Horrors, but into a healthy House of Hydration!

Our employees are a critical part of Enagic and we appreciate it when they go out of their way to help project the festive holiday mood. We hope that everyone had a safe Halloween and that distributors appreciate all that the employees do for them, both in and out of costume! So, the next time you visit an Enagic office, please be sure to say hello to the office staff and let them know they are appreciated and, if it is a holiday like Halloween, please feel free to come dressed in your own costume and add to the festivities!

### The Enagic Global Expansion Continues: **Enagic Dubai Grand Opening Ceremony!**

It is a very exciting time to be part of Enagic! With Mr. Ohshiro leading the charge, Enagic is on a mission to spread True Health to every corner of the world and we are excited to announce the opening of our newest Enagic location: Enagic Dubai!

Enagic recently held a Grand Opening ceremony, which included a traditional ribbon cutting, for the new office in Dubai. The new Dubai office has been in development for quite some time and we are very excited to announce that the office is now open. Enagic would like to extend a special word of thanks to Mr. Higa, for his tireless efforts in helping to get this new office up and running. In addition to his vast responsibilities with Enagic USA, and other global Enagic operations, he also found time to travel to Dubai on several occasions, which was instrumental in getting the details of this new office finalized and to it being opened.

The ceremony was such a huge success, that it had to be divided into two parts in order to accommodate the over 600 guests who attended. Enagic distributors gathered from Asia, the USA, Canada, Italy and from many other parts of the world, to attend this very special event.

The vibrant and exciting atmosphere of this event filled Mr. Ohshiro with high expectations for the future of the Dubai office, and he commended two 6A distributors, Jalal Zaitouni and Maatouk George, who have been active in the Middle East and Near East, for their incredible efforts and great contributions.

This new office in Dubai will serve as a hub for Enagic and Kangen Water to continue to spread around the world, especially throughout the Middle East and the surrounding territories. The new Dubai office is staffed with 10 Enagic employees and branch manager, Nick Nakao and is ready to serve the needs of the Dubai market. Nick expressed his excitement for the new office and is very motivated to help spread the concept of True Health and the refreshing benefits of Kangen Water to the rest of the world from the Middle East.

## Indonesia 2017 Halal Bihalal from Enagic Indonesia

Enagic believes that True Health is a right of all people, no matter their nationality, race or religious beliefs and as a company who truly cares, we try our best to encourage and support the traditions and cultures of our distributors around the world. Enagic is pleased to have tens of thousands of distributors from many different countries that practice the teachings of the Muslim faith, including Indonesia. Fasting is an important part of the Muslim faith and Islamic society and for the past few years Enagic has hosted gatherings of celebration.

The majority of the Indonesian population is Muslim, so during the month of Ramadan, the ninth month of Islamic-lunar calendar, they observe fasting for 29 or 30 days. At the 30th or 31st day, they celebrate it together. This celebration is signed by a collective prayer in the morning both in open spaces and in the mosques. A week after this celebration, Indonesians usually make a gathering called 'Halal bi Halal' which signifies the last day of the seven-day 'Lebaran' celebration. This gathering is designed to maintain a strong social bond among Indonesians, so that is not exclusively for Muslims only, but it is also for non-Muslims. Friends, neighbors and relatives, regardless of their religious affiliation or beliefs, are invited to join the Halal bi Halal gathering.

This event is held by our Enagic Indonesia Branch Office every year and was also held at seven different locations throughout Indonesia. Anywhere from 100 to 300 distributors gathered at each location to celebrate together.

At this event, the Indonesia Branch Office provided lunch and a two spray bottle set to each distributor and held a question-and-answer session with staff members about E8PA Cards, 6A Bonuses, and maintenance of the machines. In addition, several distributors spoke about their own success stories and distributors who were promoted to 6A or above were recognized. This was another successful celebration and we look forward to an even bigger celebration next year.

## Malaysia

Enagic Malaysia

### 5 Year Anniversary Celebration

Enagic is excited to extend our heart felt congratulations to the staff and distributors of Enagic Malaysia for five years of incredible growth and success! Although Enagic has always had high expectations for the Malaysian market, we had no way of knowing just how successful this region would become over the past five years! Malaysia has produced its share of top leaders and success stories and we eagerly await what this dynamic marketplace will produce during the next five years!

Distributors from Malaysia and other parts of the world gathered at the Sunway Pyramid Convention Centre in Malaysia to celebrate their five year anniversary and all the success they have achieved. The venue was packed, as over 1,800 attendees came together to celebrate this auspicious occasion, as well as the success of many Malaysian distributor teams.

The celebration included distributor recognition, music, entertainment, delicious food, an amazing celebratory cake and an unexpected surprise guest appearance by Mr. & Mrs. Ohshiro! The day after the anniversary celebration some of the top leaders in the world and over 450 other participants, came together for an informative work shop. Top distributors, including Andhyka Sedyawan, Sam Sia, Romi Verdera, Cynthia Briganti, Gary Gan, John Sim, Chin Hung, Norli and Zahid Razimi and Dato Jahlilawati, shared their secrets of success and both new and experienced distributors left with new found knowledge, excitement and motivation.

## Argentina

While Enagic continues with an impressive “official” global expansion by opening new offices around the world, this process actually starts with grass-roots campaigns in areas which, in most cases, have had absolutely no involvement with corporate staff. In almost every instance, it is a highly motivated distributor who takes it upon themselves, to organize and talk to people who become interested in Enagic and Kangen Water. Argentina is one of these areas!

Recently, eight young independent distributors from Argentina, including Matias Cosentino, gathered together for a luncheon in Buenos Aires with Yosuke Arioka, the branch manager of Enagic Mexico. Ari, as he is affectionately known by both staff and distributors, has been very busy working with different distributors to help them in their efforts to develop and expand the markets throughout Mexico and several different South American countries. During the Argentina meeting, these dynamic individuals gathered to discuss ways to development the Argentina market and how to procure future prospects in Argentina and surrounding regions. It was a very productive meeting, which we believe will lead to new business and the first Argentine 6A achiever!

## Uruguay

As Enagic forges forward opening new offices around the world, there is also activity in developing areas where there is not office yet. Recently, an Enagic and Kangen Water event was conducted in Montevideo, the capital of Uruguay. Hundreds of people attended this business meeting, which took place at the beautiful Hotel Esplendor in Montevideo. While this was the first major event organized in this country, the amount of attendees was very impressive.

Uruguay is a small country in the South American, with a population of 3.3 million people. However, despite its small size, it is more affluent than other countries in the region and is known for its advanced education, social security systems and liberal social laws. As a port city, Montevideo is a bustling hub of commerce on the Atlantic coast.

The event was organized by Eduardo Barceló, a distributor who is registered in Enagic Europe, but who lives in Uruguay. His sponsor is part of the team of Omar Ramirez (6A6-2), who is one of the most influential distributors in the Latino community in the USA. He participated in the seminar as a presenter and trainer.

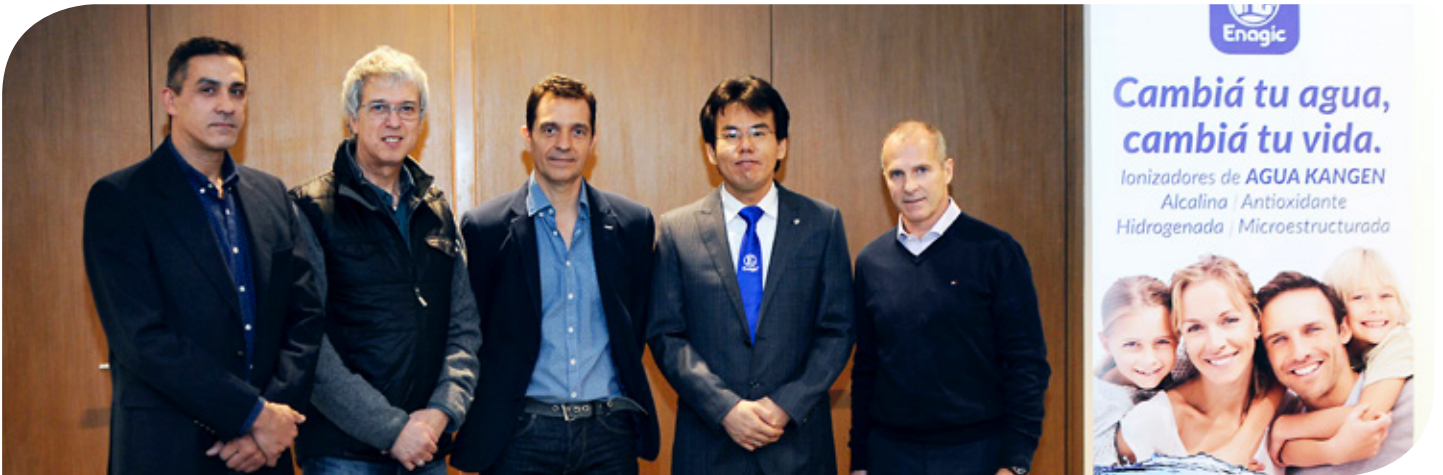

The event kicked off with presentation of the history of company, as well as Mr. Ohshiro's personal history. This part of the presentation was given by corporate representative Yosuke Arioka, the branch manager of Enagic Mexico.

Next Omar Ramirez, acting as the independent distributor leader, gave a Kangen Water demonstration and explained about Enagic's business operating mechanism. Eduardo Barceló, another organizer of the conference, talked about how he got to know the company. He shared his experience with Enagic with his fellow Uruguayan citizens. "I'm very grateful to have this incredible opportunity to help develop new Uruguayan teams and to see how well the Enagic products have been received by people in my country", Eduardo said.

At the end of the seminar, a vegan meal, which had been prepared using Kangen Water, was served and enjoyed by all. This first major event in Uruguay, coordinated and hosted entirely by independent distributors, was a huge success and represents the first of many meetings to come. Based on the warm reception and excitement displayed by both the hosts and the attendees, we expect to see a lot of activity and success come from this small, but powerful country!

## *A Business Built On Thanks*

Enagic is very fortunate to have distributor leaders with extensive experience in direct sales and the network industry. These people have taken it upon themselves to share their knowledge with their fellow distributors. This article was created from input of a few of these outstanding leaders.

The Enagic business and products are different than just about any other in the direct sales industry. An unfortunate reality in most sales driven businesses is known as “buyer remorse” and typically comes immediately after the purchase. Many times a buyer will experience an uncomfortable feeling that they made a wrong choice and often the seller will hear back from the buyer, with complaints or regrets. While this may be a regular occurrence throughout a lot of the industry it is NOT something that regularly happens at Enagic.

In fact, at Enagic, it is quite to the contrary! At Enagic our customers are more likely to give a compliment than issue a complaint. And our distributors hear just as many “Thanks” as they hear at the company! It is an incredible feeling to constantly have people contact you, not to complain about your product, but to thank you for introducing them to it and helping them purchase one of their own.

But it is not just the buyers who are thankful, the distributors also have a lot for which to be thankful! They are thankful for finding the Enagic opportunity. They are thankful for discovering the benefits of Kangen Water. They are thankful for the positive changes they have experienced in their lives. And they are thankful for being a part of a company and business which is changing the lives of people all over the world.

It is fair to say that the Enagic independent distributor business has been built on a solid foundation of “Thank You!” Discover for yourself the Enagic difference and be part of this unique opportunity that has people from all over the world expressing their thanks and making a difference.

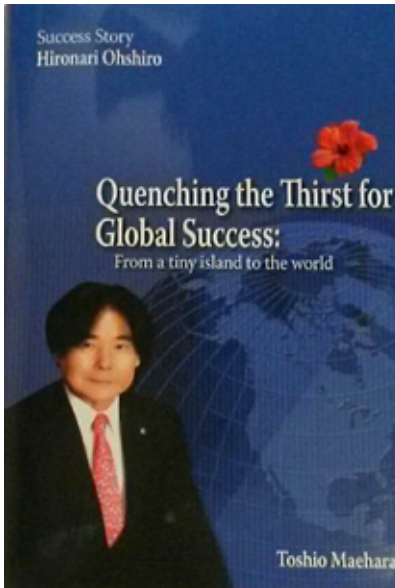

# Stories of Success

## A Business Built On Thanks

The Apple Corporation, in Silicon Valley, is well known for being a company which has generated many millionaires through the opportunities it gives to employees via a profit sharing system. Enagic is not at a comparable scale yet, but thanks to its unique commission-based system, it has produced a few.

One distributor, who used to work for a competitor but then started to work for Enagic, has spoken of how his earnings are incomparable to what they were before. Another distributor was unemployed and unable to meet his house and car repayments, until, clutching at straws, he started to work for Enagic; within six months he was earning handsome commissions.

The commissions our distributors can earn have helped with crippling medical bills, or brought people back from the brink of financial ruins, or even helped to mend marriages. It has meant the realization of financial health, physical health, mental health. Of course, the same can perhaps be said for other companies.

But Enagic is distinct: in its contribution, its speed, and its immediate effect. The capital required to get going is low, there's no need to maintain a large inventory, there's no sales targets to meet. There are definite merits here: our distributors manage themselves, aren't bound by top-down restrictions, and can expand their business freely.

Above is an excerpt from the book **Quenching the Thirst for Global Success**, the Success Story of Hironari Ohshiro. It is filled with incredible lessons, motivational stories and the actions that were taken to create Enagic. A must for distributors, it is available at [www.enagic.com/shop](http://www.enagic.com/shop)

# *Congratulations to each of you for your outstanding achievement!*

In addition to providing Enagic Distributors with information and resources to help them succeed, the Executive E-Newsletter will also serve as a way for us to recognize the outstanding achievements and rank advancements of our valued Independent Distributors. While we would like to be able to recognize each person who has advanced in rank by name, the sheer volume of new distributors advancing in rank makes it impossible. Instead, we will recognize each person that advances to the rank of 6A and above by name in this section of the newsletter. We are extremely grateful and very proud of the achievement of each person listed below and we encourage every distributor to work hard to achieve the rank of 6A and above so that your name may be proudly displayed with those that are moving up the ranks in the Enagic business.
