World's Distributors Gather at Mandalay Bay, Las Vegas to Join Enagic's Grand-Scale Global Convention!

On July 28, the Global Convention was held in Las Vegas, Nevada and 4,000 distributors from around the world gathered at a venue in the Mandalay Bay Hotel. Following last year's convention in Anaheim, California, this was the second

consecutive year that the event was held in the U.S. This year's event was set apart from last year's, though, by the sheer number of participants, which had doubled since last year, proving the strengthening impact that the "Circle of Compassion" has had over the world.

During his speech, CEO Hironari Ohshiro spoke proudly and gave encouraging words to the audience, "All who are gathered here today are the world's Kangen Water drinkers. We aim to realize true health in 3 areas: financial, physical and mental. To achieve this goal, it is of the utmost importance to continue drinking Kangen Water. Let's spread the compassion to many more and make everyone happy with the 8 Point System that shares wealth evenly and fairly!" Inspired by the CEO's words, the 4,000 participants cheered on and the atmosphere in the hall became even livelier. With the CEO himself introducing the innovative and highly anticipated Enagic 8 Prosperity Association (E8PA), the convention proved to be a meaningful and fulfilling experience for everyone.

Two days before the convention, on the 26, the Global 6A Meeting and the Business Seminar were held at the same hotel from 9 in the morning until 8 at night. Many distributors participated in the event and it was a fruitful day for everyone. Also, on the 27, one day before the convention, the Distributor's Training Session was provided by the 20 top class 6A2-3 (and above) trainers from 9 a.m. to 6 p.m. Participants listened attentively and engaged seriously in the training. In the following pages, we will be reporting further on the details of the convention and preceding events.

2016 Enagic Global Convention in Las Vegas

Speech by CEO Hironari Ohshiro

Welcome to All Distributors from around the World! Let's Support Each Other and Passionately Spread the "Circle of Compassion" throughout the World!

The morning portion of the convention began with the introduction of the 6A (and above) distributors on the stage. Starting off with Australia, the distributors were introduced by their corresponding countries in alphabetical order, ending with the host country, the U.S.

Following the solo performance of the U.S. national anthem by one of the distributors, Mareyan Datan, the CEO appeared on the stage. CEO Hironari Ohshiro, who was welcomed with thunderous applause, spoke directly to all of the participants in the audience.

"The number of Enagic distributors has almost reached 1 million and the Leveluk is now used in 172 countries around the world. This is, of course, the direct result of your hard work. I am eternally grateful to all of you. Nevertheless, the world's population is estimated to be 7.5 billion, which means our journey is only just beginning."

"Enagic's 8-point program provides everyone with the opportunity to succeed in a fair manner. The program is not based on a "winner-take-all" mentality. The important thing is to help and support each other and to infuse passion into our work of spreading the compassion to the world. This effort will surely be rewarded one day."

The CEO also took to the stage during the corporation presentation held in the afternoon and explained the details of the innovative Enagic 8 Prosperity Association (E8PA). First, he touched upon his childhood experience of the cruel Battle of Okinawa during World War II. He then spoke of his homeland, Sedake, Nago, and of its importance, as it is where everything began. "I have always dreamed of providing a facility for all of you to heal your tired bodies and souls after a hard day's work. This dream is finally becoming a reality."

The E8PA program is a new system in which, after purchasing a "Facility Pass" card, the user can receive a discount or may even qualify for free use of the Enagic related facilities in Okinawa (E8PA Resort & Training Center [soon to open], Sedake Country Club, Bowl Mihama, Aroma Spa, etc.). Further details are provided in the chart below or contact e8pa@enagic.co.jp. Let's take advantage of this great program!

Certifications were given to the new 6A (and above) distributors and title incentives were awarded after the CEO's speech in the morning portion of the convention. After the introduction of Enagic staff from each country, the students from Enagic Golf Academy, who have been using up their summer vacation to enter U.S. championships, were welcomed warmly by the audience as they were brought onto stage. The main event of the day ended with a closing speech from Tamia Bathea and the excitement of the convention moved on through the night into the dinner party.

After the July 28 award ceremony came to an end, many people enjoyed an aperitif cocktail party which started from five and ran until seven in the evening. The main dinner party opened up with a unique trio-performance of guitar, shamisen (three-stringed Japanese guitar) and koto (Japanese harp). Following the opening performance, CEO Hironari Ohshiro took to the stage and officially commenced the party, "Thank you all for coming here today. Please enjoy tonight's party, and let's unite together to further spread the 'Circle of Compassion' around the world!"

On stage, 6A2-5 (and above) distributors held a kagami wari ritual (breaking open of a ceremonial sake barrel) and enthusiastically proposed a toast together with 6A2-3 (and above) distributors. Then, the party moved on to everyone's favorite entertainment time. Six groups of "Enagic Idol" performed a variety of entertainment from singing and dancing to guitar playing, delighting the audience.

The atmosphere in the hall reached its peak, when a raffle was held with various Enagic products as the grand prizes. The lively mood continued on and the entire hall sang along to the Sanshin and Yotsudake performance of "Fukuju-No-Hana" by Mr & Mrs Ohshiro. The party came to an end with a closing speech by Tamia Bethea.
